

ANNUAL PROJECTS — Awards

Design Awards

Our annual Design Awards recognise architectural merit and encourage high standards of planning, and by doing so, help to make Burton an attractive place to live and work.

Nominations are judged in three categories:

1. **New buildings;**
2. **Refurbished properties; and**
3. **Environmental schemes.**

To qualify for consideration for the Design Awards made in June, Building Projects must have been completed by 31 December of the preceding year, and Environmental Projects within the last four years.

Additionally:

Olga Lloyd Award

The 'Olga Lloyd Award' — an award named after a founder of the Civic Society — is awarded to projects that fall outside of the above categories.
